yes that looks fine - I had more notes from our September meeting but I have since misplaced them! Looks like a good skeleton to start though :)

Jeanethe - let me know what you think of this draft agenda. Once you wiegh in we can pass to the rest of the team. The time frames are rough just to give Apex a feel for how long to make their presentation. We'd take Q&A during each presentation so each section would take longer.

1. Intro (EPA - describe joint aspect of the meeting)
2. Superfund dredging progress to date (EPA) - 20 min
3. Navigational dredging progress to date (HDC/Apex) - 20-25 min
 - include primer on CAD cells
4. Update on EPA's evaluation of Superfund CAD cells (EPA) - 20 min
5. Q&A
